

# COOKIES POLICY

## What are Cookies?

---

Cookie is a file that is downloaded to your computer to access the majority of Web pages. Cookies allow a website, among other things, store and retrieve information about browsing habits of a user or their equipment and, depending on the information they contain and the way you use your computer, can be used to recognize user. When you access a site that uses cookies, the Web makes the browser believe in your device (computer, tablet, phone or similar) small files containing information necessary for the operation of the Web. These so-called cookies, files are part of the technology necessary for the proper functioning of the website. The cookies do not contain any specific personal information, and most of them are deleted from the hard drive at the end of the browser session (so-called session cookies) while your browsing history and cookies are stored on your computer. Cookies, similar to browsing history and browser cache, may leave a trace on your online activity. This is especially important if others can access your computer. So in case you are using a shared computer, we recommend that before you delete log information about your browsing history, cache and cookies.

Most browsers accept cookies as standard and, regardless enable or impede the security settings stored cookies or temporary. So it is possible to disable cookies, but the website will not function properly. You can completely disable the use of cookies in the configuration section of your browser.
